MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Resources Approved in the FY 1972 - 1976
Program Levels

Approp Budget H

Bob:

1. The program levels we discussed in the "Tank" on 15 June have been approved by Colonel White and the Director for presentation to the Bureau of the Budget. They provide for [REDACTED] for your Directorate in FY 1972.

25X9

2. I have attached a breakdown of your resource levels by component within the Support Directorate for your use in formulating your FY 1972 budgets. It is anticipated that we will receive guidance from the Bureau of the Budget reflecting their reaction to, and Presidential guidance on, resource levels for the Agency's September budget submission. However, if further guidance is not received, you should prepare your estimates using the base figures in the attachment.

3. As I discussed with you, the following major increase items were included in the Director's resource approvals for the Support Directorate in FY 1972:

a. [REDACTED] - An additional \$400,000 over the FY 1971 budgeted level was approved [REDACTED]

25X1

b. Logistics -- The Logistics level reflects a \$900,000 increase of which \$400,000 is for [REDACTED] renovations with the remaining \$500,000 for miscellaneous salary adjustments and the increased costs of supplies and equipment.

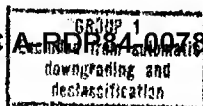

25X1

c. Office of Training -- A net increase of \$200,000 was approved to accommodate [REDACTED] funding and costs for new training programs including increased participation in external management courses.

e. Office of Communications -- A [] increase over the FY 1971 budgeted Office of Communications level was approved for the following:

25X1

4. I urge that your planning officers work with the program analysts here in defining for your office heads changes made from your request. Directorate budget estimates for FY 1972 will, of course, be subject to the normal Bureau of the Budget review this fall. Appropriate adjustments for the 1970 Pay Act will be requested in the call for FY 1972 budget estimates.

MEMORANDUM FOR: Chief, Support Services Staff

SUBJECT : Approved Position Levels for 1972 Budget

1. The Executive Director-Comptroller and the Director have approved a level for the Support Directorate for FY 1972 which is substantially lower than that requested. The primary effort has been aimed at holding FY 1972 funds at or below the FY 1971 Congressional budget level. Thus far, we have firm figures for position allocations only. For your Office these are:

FY 1971

25X9

FY 1972

2. A fund level for FY 1972, which is subject to minor adjustments, has also been received -- explained only in terms of allowed increases over the 1971 base. That base, however, has not been firmly established, although we expect only minor adjustments from the Congressional budget level reflecting reduced position levels for 1971. For 1972 (subject to adjustments), the fund level for your Office will approximate explained as follows:

25X1

An increase of \$100,000 was approved for ADP equipment.

3. We shall advise you of your firm dollar controls for the 1972 budget as soon as the information becomes available. The budget call will apparently be issued on or about 1 July 1970 with the provision that you add the six percent 1970 Pay Act to the established dollar control figures.
